

CosmosBrief — 2026-05-30

Generated by CosmosBrief · 2026-05-30

Summary

- NASA Awards Contract for Johnson Space Center Infrastructure — NASA News Releases
- Hubble Spies Faint Irregular Galaxy — NASA News Releases
- This Month at ESA: May 2026 — ESA News
- Week in images: 25-29 May 2026 — ESA News
- Hubble Captures M88 on Journey to Center of Virgo Cluster — NASA News Releases
- Earth from Space: Batagaika Crater — ESA News
- Space Force awards SpaceX \$4.16 billion to build satellite network for airborne target tracking — Spaceflight News API
- Blue Origin's New Glenn explodes during Static Fire test at LC-36 — Spaceflight News API
- Space Force's commercial gatekeeper offers a playbook for startups seeking defense business — Spaceflight News API
- Bellatrix and TelePIX plan 2028 air-breathing VLEO imaging demonstration — Spaceflight News API
